

0.5 Ton Power Trolley 440~480V 60HZ 3 Phase Variable speed with Limit Switches, Includes VFD (Pendant Control not Included).

Key features

- German-engineered Schneider UL Listed contactors, All ways Limit Switches, Emergency Stop
- US and EC Standards ASME HST-1 , ASME B30.17 , EN14492-2 , EN60204-32
- Durable construction for long-term reliability and performance, Compatible S-beam and W-beam
- Heavy Duty I-beam Electric Trolley for secure movement along beams
- 3 Year Warranty, Customer Support and Service in the USA

0.5 Ton Power Trolley 220/460V 60HZ 3 Phase Variable speed with Limit Switches, Includes VFD (Pendant Control not Included) Description

The 0.5 Ton Power Trolley 220/460V 60HZ 3 Phase with Variable Speed is a versatile and reliable solution for precise load handling in industrial environments. This trolley is equipped with a Variable Frequency Drive (VFD) for seamless speed control, allowing operators to adjust lifting speeds to match the specific needs of the task. The built-in limit switches enhance operational safety by preventing over-travel, while the included VFD ensures smooth and efficient performance. While the pendant control is not included, this power trolley is designed for demanding applications in warehouses, manufacturing plants, and more.

Technical Specifications

Rated Load Capacity	1100 lb / 500 kg	Warranty	3 Year
Voltage	3 Phase 380~480V 50/60Hz
