2 Ton Power Trolley 220/460V 60HZ 3 Phase 2 speed with Limit Switches, Includes Contactors (Pendant Control not Included) Description

The 2 Ton Power Trolley 220/460V 60HZ 3 Phase with 2-speed operation offers enhanced versatility for precise and efficient material handling in industrial settings. This trolley is designed to support heavy loads of up to 2 tons and includes built-in limit switches for added safety by preventing over-travel. The 2-speed control provides both high and low-speed options, giving operators the flexibility to handle delicate or heavy-duty tasks. Contactors are included for easy system integration, but the pendant control is sold separately. Ideal for industrial applications like warehouses, manufacturing, and construction.
