

10 Ton Hydraulic Foldable Knuckle Ship Crane

Key features

- Load Capacity: Capable of lifting up to 10 tons, suitable for a variety of heavy-duty tasks.
- Hydraulic Operation: Equipped with a hydraulic system for smooth, controlled lifting and lowering of loads.
- Durable Construction: Built from high-quality materials to withstand harsh marine environments and ensure long-lasting performance.
- 3 Year Warranty, Customer Support and Service in the USA

10 Ton Hydraulic Foldable Knuckle Description

The 10 Ton Hydraulic Foldable Knuckle Ship Crane is a versatile and powerful lifting solution designed specifically for maritime and dockside applications. Featuring a knuckle boom design, this crane allows for exceptional maneuverability, making it ideal for loading and unloading heavy materials in confined spaces. Its foldable construction enhances portability and storage efficiency when not in use.
