

Double Explosion Board

Key features

- Versatile Applications: Suitable for use in a variety of industries, including oil and gas, chemical processing, and manufacturing.
- Durable Construction: Made from high-quality materials that withstand harsh industrial conditions and environmental factors.
- Explosion Proof Certification: Meets stringent safety standards for use in hazardous locations, ensuring compliance with regulations.
- 3 Year Warranty, Customer Support and Service in the USA

Explosion Proof Description

The Double Explosion Board is designed to provide enhanced safety and protection in hazardous environments. Ideal for use in industrial applications, this board serves as a reliable barrier against explosive hazards while ensuring efficient operation of electrical and mechanical systems. Its robust construction and dual-layer design make it suitable for various explosive atmospheres.

Technical Specifications

Warranty 3 Year

Unit Weight & Dimensions

Total Unit Weight 992 lbs / 451 Kg

Packaging Weight & Dimensions

Package 1 Net Weight 992 lbs / 450 Kg

Package 1 Gross Weight 1014 lbs / 460 Kg
