

## 5 Ton Manual Chain Hoist 30 ft. G100 Chain

### Key features

- Lifting Capacity: Supports loads up to 5 tons, making it suitable for a range of lifting and pulling operations.
- Lifting Height: Features a maximum lifting height of 30 feet, providing flexibility for various applications. Brake System with Dust Cover Protection
- Robust Construction: Built from high-quality materials to withstand tough conditions, ensuring long-lasting performance.
- Standard ASME/ANSI B30.16 , ISO 16877-2008
- 3 Year Warranty, Customer Support and Service in the USA

### Manual Chain Hoist Description

The 5 Ton Manual Chain Hoist is a versatile and durable lifting solution designed for medium to heavy-duty applications. With a lifting capacity of 5 tons and a chain length of 30 feet, this hoist is ideal for a variety of tasks in industrial and commercial settings.

### Prowinch Manual Chain Hoist

All of our **Manual Chain Hoists** are created with the goal of offering the best price-performance ratio. Key components such as lifespan factors are constantly tested and improved in order to offer the best product for the price.

### Overload Protection System

The built-in **overload protection system** helps prevent the operator from accidentally damaging the hoist by lifting a load higher than the rated capacity. When the overload protection is activated while lifting, the hoist will only be able to be lowered by the operator.

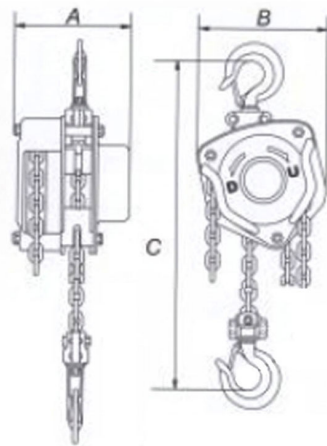

### Braking System

The reliable disc brake system is tested at 125% of the hoist capacity.
