

Adjustable Spreader Lifting Beam 1000 lb / 0.5 ton - 96 in Max Spread

Key features

- Load Capacity: Safely lifts loads up to 1000 lbs (0.5 tons), suitable for medium-duty lifting tasks.
- Adjustable Spread: Maximum spread of 96 inches allows for flexibility in handling a wide range of load sizes and configurations.
- Durable Construction: Built from high-quality materials for strength and long-lasting durability, ensuring reliable performance.
- 3 Year Warranty, Customer Support and Service in the USA

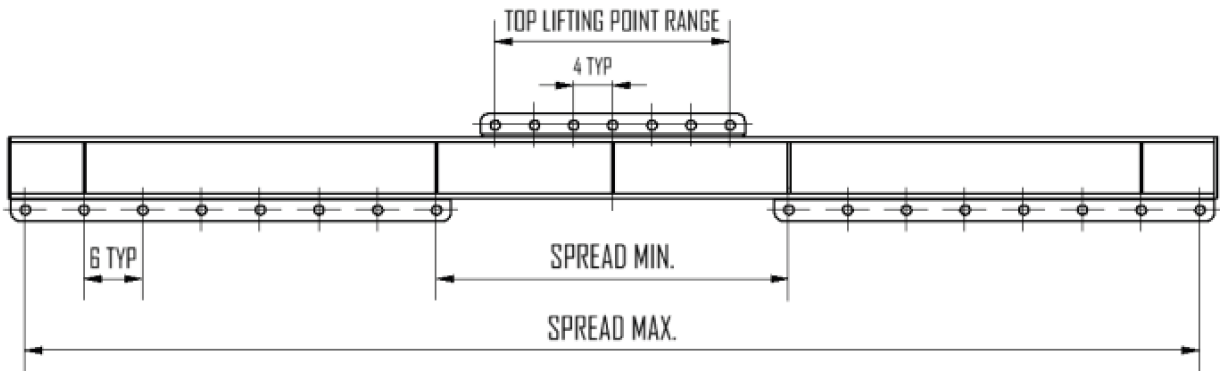

Adjustable Spreader Beam Description

The Adjustable Spreader Lifting Beam is a robust lifting solution designed to safely handle loads up to 1000 lbs (0.5 tons). With a maximum adjustable spread of 96 inches, this beam provides excellent stability and weight distribution, making it ideal for various industrial and construction applications.
