

Adjustable Spreader Lifting Beam 4000 lb / 2 ton - 96 in Max Spread

Key features

- Load Capacity: Safely lifts loads up to 4000 lbs (2 tons), perfect for demanding lifting tasks. High Load Capacity
- Adjustable Spread: Maximum spread of 96 inches allows for versatility in accommodating various load sizes and configurations.
- Durable Construction: Constructed from high-quality materials to ensure strength and long-lasting durability, suitable for rigorous use. High-quality Construction
- 3 Year Warranty, Customer Support and Service in the USA

Adjustable Spreader Beam Description

The Adjustable Spreader Lifting Beam is a heavy-duty lifting solution designed to safely handle loads up to 4000 lbs (2 tons). With a maximum adjustable spread of 96 inches, this beam offers exceptional stability and weight distribution, making it ideal for a wide range of industrial and construction applications.

Technical Specifications

Rated Load Capacity	4000 lbs / 2 tons	Warranty	3 Year
Standards Compliance	ASME B30.20 AND ASME BTH-1
