

MOVITRAC VDF SEW 11KW/14.7HP 20Amp. + Dynamic Brake + Choke

Key features

- Power Rating: 11 kW (14.7 HP), making it suitable for a variety of motor-driven applications.
- Current Rating: 20 amps, providing robust performance for moderate load demands.
- Dynamic Braking: Integrated dynamic brake system for quick stopping and energy recovery, improving overall system efficiency.

MOVITRAC VDF SEW 11KW/14.7HP Description

The MOVITRAC VFD (Variable Frequency Drive) by SEW EuroDrive is engineered for effective motor control in various industrial applications. With a power rating of 11 kW (14.7 HP) and a current capacity of 20 amps, this VFD features dynamic braking and an integrated choke, ensuring reliable performance and enhanced efficiency.

Technical Specifications

Movitrac kit Included / Conjunto Movitrac Incluye	Complete board Protection IP66 / Protección Completa del Tablero IP66
	VDF Movidtrac MC07 B 0xxx / VDF Movidtrac MC07 B 0xxx
	Encoder
	Automatic Switch / Interruptor Automático
	General Contactor / Contactor General
	Line Shock / Choque de Línea
	Brake Contactor / Contactor de Freno
	AC / DC brake rectifier(s) Rectificador(es) de freno AC / DC
	380V / 110V transformer / Transformador 380V/110V
	Flush Output Filter / Filtro Salida Rasante
	Thermostat / Termosato
	Fan and Filter / Ventilador y Filtro
	Fuses / Fusibles
	Pilot Lights / Luces Piloto
	Source of electronic power for indicators / Fuente de poder electrónica para Indicadores
Source of electronic power for DOP display / Fuente de Poder Electrónica para Pantalla DOP	
Current transformer for indicators / Transformador de Corriente para Indicadores	
Braking resistor / Resistencia de Frenado	
Emergency stop / Parada de Emergencia	
Board (pupitre) PWZR+2 Opcional (optional)	DOP Display with indicators and limiters / Pantalla DOP, con indicadores y limitadores digitales
	Lifting and lower Buttons / Botones para subida y bajada
	Potentiometer / Potenciómetro
	Voltage Indicators / Indicadores Voltaje
	Current Indicators / Indicadores Corriente
Board (pupitre) PWZR+2 Opcional (optional)	Temperature Indicators / Indicadores Temperatura
	Emergency stop / Parada de Emergencia
	Locked Sheet Metal / Chapa de encendido con llave
	Inner Tray for books, Binnacle, etc. / Bandeja Interior para Libros, Bitácora, etc
Extra	Voltage Indicators / Indicadores Voltaje
	Current Indicators / Indicadores Corriente
	Temperature Indicators / Indicadores Temperatura
	Source of Electronic Power / Fuente de Poder Electronica
	Transformador de Corriente Para Indicadores / Current Transformer For Indicators
	Contactor General / Contactor General
	Parada de Emergencia de Tablero /Board Emergency Stop
	Control Inalabrico y Cintril Alabrico 4 Pulsadores
Parada de Emergencia	

Wireless Control Control inalámbrico

OPCIONAL:

Controller Controlador V. V.

Freno dinámico Dynamic Brake
